

DAY 1		New Zealand Coastal Society Annual Conference 2018, Gisborne			
start	end	DAY 1: 22 NOVEMBER 2018			
8:00	9:30				Registration
9:30	10:00				Mihi Whakatau
10:00	10:50				KEYNOTE 1: Terry Hume
10:50	11:15				Morning Tea
DAY 1 start	DAY 1 end	SESSION 1 Stream 1	Presenter	TITLE	
				Surf Break Management	
11:15	11:35	1	Waiti	Kaihekegaru: Māori surfers' and a sense of place	
11:35	11:55	2	McIntosh	Development of an automated peel angle detection system for the Manu Bay surf break, Raglan, New Zealand	
11:55	12:15	3	Atkin	Development of the "regionally significant" concept for surf break management	
12:15	12:35	4	Mead	Management issues concerning New Zealand's nationally and regionally significant surf breaks	
		Stream 2		Engineering 1	
11:15	11:35	5	Paine	Restoring critical lifelines: Chatham Islands Wharf Upgrades	
11:35	11:55	6	Holland	Emergency repairs to a 100 year old seawall 7m under the water	
11:55	12:15	7	Davis	Hard Beach Renourishment – "I didn't realise the Awhitu Sandstone outcropped here"	
12:15	12:35	8	Canal	Introducing the Better Business Case™, a structured thinking tool that can help shape the right decisions for coastal projects : Casestudy - Kohimarama Beach	
		Stream 3		Community and Coasts 1	
11:15	11:35	9	Eaves	Analysing coastal risk assessment through evolutionary economics	
11:35	11:55	10	Fitzgerald	Community perceptions of coastal hazards	
11:55	12:15	11	Van der Vliet	Coastal Hazard Management - "Our Journey towards a Resilient Community"	
12:15	12:35	12	Dixon	Community Resilience in Vanuatu: Integrated and financially sustainable coastal management	
12:35	13:45				Lunch/AGM
DAY 1 start	DAY 1 end	SESSION 2 Stream 1	TITLE		
			Water Quality 1		
13:45	14:05	13	Greer	Accounting for Global Plastic Pollution with Nearshore Dynamics	
14:05	14:25	14	Oliver	A Tale of Two Harbours – PART I: Porirua Harbour and the role of the NPS-FM in setting limits to protect the coast	
14:25	14:45	15	Conwell	A Tale of Two Harbours – PART II: Wellington Harbour, the NPS-FM, and what's on the horizon	
		Stream 2		Coastal Hazards Management 1	
13:45	14:05	16	Blackett	Serious games as a way for communities to "experience" decision making regarding coastal adaptation to climate change.	
14:05	14:25	17	Clarke	Coastal Management Strategies: Practical considerations, and lessons learned, on the application of new climate change guidance	
14:25	14:45	18	Davies	Trans-Tasman Cumulative Effects Management: A Comparative Study	
		Stream 3		Community and Coasts 2	
13:45	14:05	19	Taiapa	"Standing at opposite sides of the moana, engaging in the discussion of co-management within Tauranga Moana"	
14:05	14:25	20	Ratana	Mauri Moana, Mauri Tangata, Mauri Ora – Documenting diverse social values of New Zealand's marine environment	
14:25	14:45	21	Duder	Circumnavigating New Zealand: James Cook's Charting of Aotearoa	
14:45	15:45				PANEL DISCUSSIONS (SLR Guidance and Marine Reserves)
15:45	16:15				AFTERNOON TEA
DAY 1 start	DAY 1 end	SESSION 3 Stream 1	TITLE		
			Storm Surge 1		
16:15	16:35	22	McNeil	AN ADAPTIVE RESPONSE TO STORM DAMAGE, STANMORE BAY	
16:35	16:55	23	Neale	The Wild Wild West – coastal impacts of ex-Cyclone Fehi on the West Coast	
16:55	17:15	24	Liefting	Firth of Thames Storm Surge Event January 2018	
		Stream 2		Harbours and Catchments	
16:15	16:35	25	Allis	Upstream flood hazards from migrating river/estuary openings, Karamea	
16:35	16:55	26	Tuckey	Design and Impact Assessment of Coastal Wetland using an Integrated Catchment Model	
16:55	17:15	27	Niphadkar	Sea level variability around New Zealand: observations, contributions and projections	
		Stream 3		Sedimentation	
16:15	16:35	28	de Lange	Hauraki Gulf sedimentation: Unintended consequences of flood protection	
16:35	16:55	29	Oldman	Estimating long term deposition rates in Te Awarua-o-Porirua.	
16:55	17:15	30	Hunt	Measuring trends of sedimentation: why it is harder than you might think
